

Dear Dr. Burg,

I want to thank you for all you have given the kids this week - your love & knowledge of music, your humor, and your challenges to them both musically & as people. I appreciate how you encouraged them & asked them to respect each other. The positive environments you helped create, both in class & orchestra, caused them to reach inside themselves & bring out their best. I'm grateful that Kit had this opportunity to work with you. I hope our paths may cross again sometime in the future.

Sincerely,
Carolyn Satoh

Thanks for being such a fun + good conductor. It was great. Also, thanks for being a great teacher!!
Kit
