Subject: Listening Article

David,

After reading the article you sent me last year, I have been working with my students on "Listening" during rehearsals, not just letting the director "tell" them what needs to be changed. My rehearsals have been incredible! The students are actively engaged and actually get upset if I tell them what's wrong rather than having them tell me.

I look forward to working with you in March. If you have any other "nuggets" that you would like to share, I'd love to hear about them!
Keep in touch.

Sherry
